## LEARNING Skills & Strategies

One Day

Classroom Workshop

# LEARNING *Skills & Strategies*

## Workshop (One Day)

### Who Should Attend?

This workshop is for you if you need to learn faster, better, and smarter. It's specifically designed to help you successfully complete your:

- School courses and exams (high school, college, university, etc.)
- Accreditation or certification courses and exams
- Professional designation courses and exams (insurance, banking, investments/securities, accounting, training, nursing, etc.)
- Workplace-specific orientation/new hire programs, computer systems/applications, new policies and procedures, etc.

It's also for you if you're a trainer/facilitator, training designer or teaching professional who wants to help others leverage their learning capacity and capability.

### What Is It About?

Learning is a skill just like any other skill! The **LEARNING Skills & Strategies Workshop** involves a proactive and interactive learning process to learn about and develop these learning skills and strategies.

By the end of the workshop you will know for sure how to learn what you need to learn and why the learning skills and strategies work.

### What Are The Benefits?

By the end of the workshop you will be able to:

- **Gain control** over the volume and complexity of what you need to learn;
- **Demystify the learning process** so you know not only how to learn but why the learning skills and strategies work;
- **Get better grades** and easily pass your exams for your diploma, degree, accreditation, certification or professional designation;
- **Leverage your learning capacity and capability** to handle new and challenging learning requirements;
- **Acquire faster and more efficient learning strategies** to gain, retain, recall and use new knowledge and skills;
- **Gain personal learning information processing skills** to keep ahead of the learning curve; and
- **Keep ahead** of the competition for academic, employment and promotion opportunities.
